Agenda item 2: Inspections (BC)

- Month of Dec. inspected Hanging Mountain Farm—shed with retail setup with snacks, etc. All was well.
- 225 NW Road
 - Todd Alexander saw tarp on roof and no building permits on display. Former health agent received complaints about rubbish on the property (10 yrs ago).
 - Went to property in summer; owner denied access. A week ago, owner was waiting when Brian arrived. Friendly, polite, but wouldn't allow access.
 - Todd would like to inspect in 3-4 weeks. Owner felt that previous access was very invasive. Brian said the health dept. just wants to be sure everyone is safe.
 - Won't displace a family without them having adequate housing. Would try to connect them to a resource.
 - 225 NW Road will be on the agenda again next month.
- 28 Pine Island Lake construction/septic and 221 NW road Title 5
 - Not much happening right now; nothing to highlight this month.

Agenda item 3: Discussion about certifications for Sydney and Brian

Agenda item 4: New business

- Discussion about raising the rates for recreational camps for children ahead before spring/summer, and new website for camp permitting: PermitEyes to replace OpenGov.
- KB will send an email to the Executive Committee to see if camp fees have been/will be raised.
- RA indicated that drama teacher at Hampshire Regional expressed interest in working with her.
- Michael Braidman has questions about foodt permitting for event at Hampshire Regional April; will have him reach out to BC.
