Discussion of the HRHS budget that was presented on 1/5/26.

They expect to have a first draft of the budget by the end of January per Dawn Scaparotti. They plan on having the final draft by March 18.

Discussion of spending line items in the current FY26 budget.

Items of concern are why School Choice has been separated into its own line, the Town Counsel line being nearly overspent, and the adjustment to the Veterans Agent.

Discussion of the preliminary FY27 budget.

Opened the floor to comments from the public. Mostly discussion from the public in support of the school budgets, not wanting the drastic cuts that have been proposed by the Finance Committee. The Finance Committee responded with explanations of the multiple scenarios that have been figured out, not that we are insinuating that HRHS has been overspending unnecessarily.
