Patrick Second Interview

Meeting Called to Order by Dolores at 6:30PM

Meaghan appointed to take minutes

Jen asked about Patrick's takeaways from exercise - low density rural character, many part-time employees, hadn't been familiar with a regionalized school district

Dolores asked about adjusting to rural community: Doesn't think adjusting to a rural community or MA would be difficult

Patrick admitted to a learning curve - He would sit down with the Selectboard and department heads, learning about what leaders do, how town government functions

Awareness of function of Selectboard and his support/implementation of policies, confident as administrator

Ensuring high level of service if at all possible even in difficult budget, priority to make sure services that are working continue

The candidate asked a question about how the Town got to a point where austerity measures were taken with the current year's budget.

Discussion of how to more widely disseminate information about town issues to residents

Discussion of override process

Offered option of sharing "non-serious" and enjoyable community events more widely by utilizing code red software in order to build trust, so that when serious, important issues arise there is more buy-in and trust in local government

Clerk's note: No record of adjournment; minutes possibly incomplete.
