- Money from health permit fees as collected by the Foothills Health District and sent to Town were approximately \$16,000 in the last fiscal year.
- Ms. Bachelor will likely chair the FHD Board of Oversight next year.
- The Public Health grant reporting appears to be a bit out of correspondence.
- In FY28, The PHA grant will likely be scaled back significantly state-wide, including reduction of Hampshire Public Health Shared Services Collaborative (HPHSSC) offerings.

Ms. Bachelor was commended for her continued work on behalf of the town.

No other board or committee reports were presented.

Administrative Matters

Mr. Finn noted:

- The Energy Manager is applying for a META grant for design and specifications for Energy Recovery Ventilation systems for the Westhampton Elementary School.
- The public procurement for the Pine Island culvert restoration project is ongoing, with bids due on May 1.
- Computer Upgrades at the Public Safety Complex are in process; Mr. Finn noted that all new hardware was paid for out of Fire and Police operational budgets, with no impact to the Town's IT budget.
- Mr. Finn noted a potential grant through the Mass Office on Disability, which would provide for upgrades to the Main Town Hall entrance, or (potentially) create an ADA compliant public-document presentation system for public notices. More info forthcoming.
