

Minutes from April 6, 2017

Westhampton Board of Health

Present: Tom Martin, David Blakesley, Ron Laurin

Opened: 4:04

Adjourned: 5:30

- 1) Call to order
- 2) Approval of minutes of March 16th meeting
- 3) Update on Outlook Farm Brewery Septic. Plan on hold while DEP waste water discharge permit is pursued. This permit must be obtained prior to septic system design.
- 4) Update on Grinning Dog septic design. In process. Board notes that a copy of the DEP approval letter for reduced design flow for the kennel business must be attached to the deed of the property and proof of this action provided before a septic construction permit is issued.
- 5) Update on 225 NW Rd. No activity on solid waste removal. Board notes that legal action is most likely the way to action on these solid waste issues.
- 6) Update 177 Main Rd. Agent notes no T5 report as yet.
- 7) Update on 109 NW Rd. Agent reports contradictory reports on which professional will be doing further work on this property. Board notes that it will review the new system under the T5 standards for new construction. Board will keep this property on its agenda.
- 8) Update on HRHS public water issue. Work repairing an old sink (not accessible to students) has been done. Retesting of water from this source is to be scheduled. Agent to follow through and make sure this testing is done.
- 9) Board notes KOA campground is to be inspected. Ginny Curtis in attendance notes that public activity has begun at the campground. She feels this is in violation of its permit to operate only seasonally. Board notes that this initial yearly inspection is to be coordinated with Selectboard. Agent requests that Valerie and Ron should conduct inspection jointly and accompanied by other town officials.
- 10) David asks that the Board review existing definitions of Westhampton By-Laws that seem to pertain to Board of Health pervue. Copies of materials provided by Zoning Bylaws Review Committee. Board to discuss at next meeting.

David Blakesley
