Motion to approve administrative expenses of \$90.00, unanimous

Discussed need for new members, preferably 2-3. Sara is interested in finding younger members to meet the 20-30-something age group. Names mentioned by everyone included: Carol and Greg Murrich, Tad Weiss, Carol Lollis, Kitty Marshall, Bill Randolph, Leslie DiCurcio

Overview of funding process: We have \$3870 from the state to spend. We have 23 grant applications, both regional and unassigned. Discussion about whether partially funded applications are viable. We decide we must consider each application on an individual basis and let the applicant accept or deny the funding offered.

Review of each application, trying to balance audiences between children, adults, elderly, local and regional. Agreed to stick as close to home as possible

Regarding the many applications for musicians, John Zimmerman suggested we funnel these applicants through Field of Dreams/Laurie Sanders. Some noted that this would presume that we would always fund Field of Dreams.

Questions to pursue:

In the way Friends of Libraries in Williamsburg ask for funding for their programs, does Westhampton Friends of Library apply for funding to other town cultural councils? No answer. Needs to be pursued (by whom?) Similarly, does Field of Dreams apply to other Hilltowns for grants for regional programming? Something to consider.

12 out of 23 grants approved.

Rejection letters to be submitted by Ann Lewis and Julie Held  
Acceptances to follow according to LCC protocols.

Meeting adjourned after @ 1-1/2 hours.
