5. Friend's Report:

Meaghan met with the Friends to discuss a contract proposal with Ashe Garden Design for ongoing garden maintenance. The Friends are concerned that this falls under maintenance which should be covered by the town budget. They need more time to think about this proposal. The trustees discussed a possible 5 month contract for April through September (except for August) which would cost \$1750 for a yearly contract.

In other Friends news, the annual membership will be sent out soon to town residents and the summer concert schedule will be available soon as well.

A suggestion was made that future Friends Appeal might include donations towards garden beautification.

6. Old Business:

The Director's performance review will take place at the next Trustees meeting when more trustees are present.

The consolidation of library policies was discussed to eliminate many redundancies. Angela had reviewed the policies and came up with these suggestions:

Combine interlibrary loan with reference services and combine social media with technology policy.

Other policies were discussed that needed review were the green building policy and bulletin board policy

Staff hours, holiday schedules, and service hours are in staff binder. Emergency closing, power outages, and emergency policies can be combined.

Alison Thirkield was welcomed to her first Trustee's meeting and offered to review the Community Room policy along with the FAQ's form and Art Exhibit application.

7. New Business:

The reorganization of the Board will be deferred to the next meeting when more Trustees are present.

Trustees discussed the closure of the library on Saturday, August 31st to allow for application of oil to Tree Stump in the Children's Room. The long weekend will allow the oil to dry and the odor to disperse. Meaghan will announce the closing to the public ahead of Labor Day weekend.

Contracts for Library staff were discussed and updated contracts are due by July 1st.

Meeting was adjourned at 7:05 PM.
